

How to Evaluate TinyTERM Plus for iOS

Thank you for interest in TinyTERM Plus for iOS. To evaluate the TinyTERM Plus for iOS, you will need two main items. First, you will need to download TinyTERM Lite from the Apple App Store. Second, you will need the evaluation key which was emailed to you from Century when you requested the evaluation ([evaluation request](#)). This key will unlock the full TinyTERM Plus for iOS feature set including all functions keys.

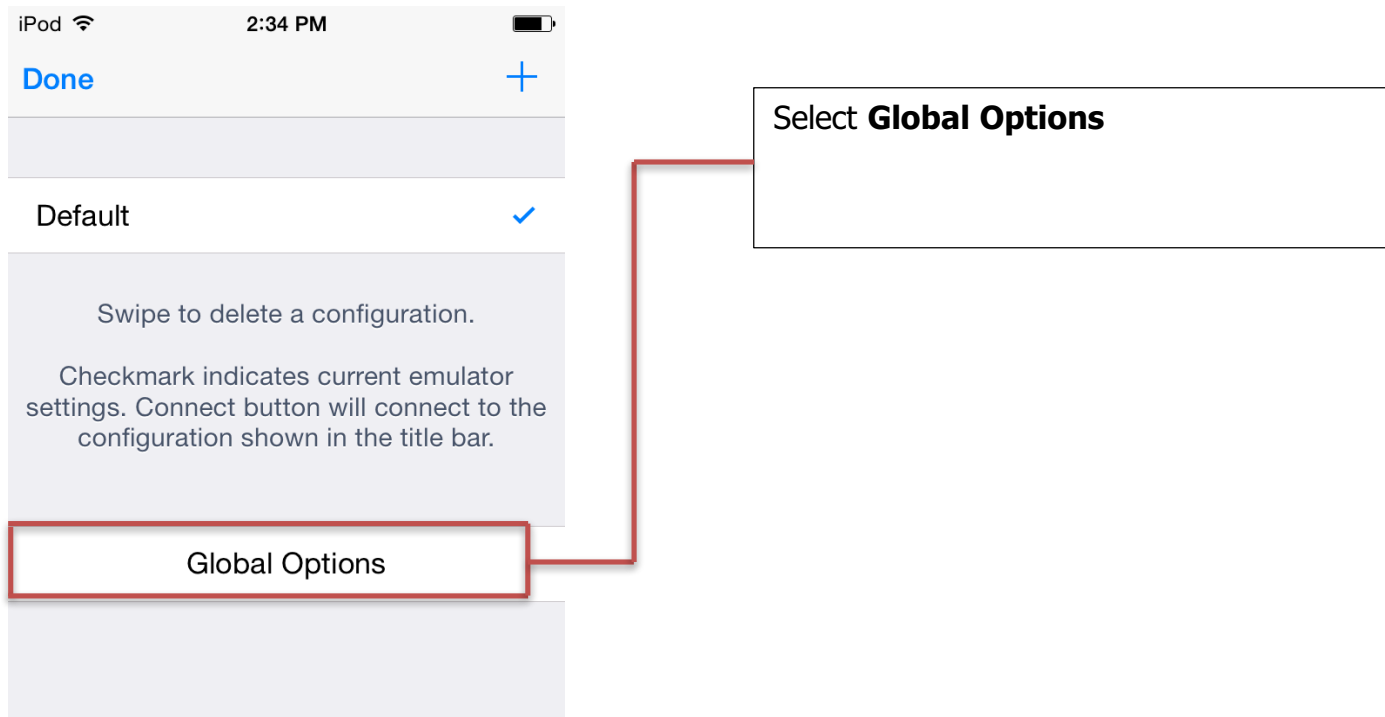

To begin your evaluation, download [TinyTERM Lite for iOS](#):

<https://itunes.apple.com/us/app/tinyterm-lite/id893250564?ls=1&mt=8>

Obtain your license key from your email. If you do not see the email in your Inbox, please check your spam folder.

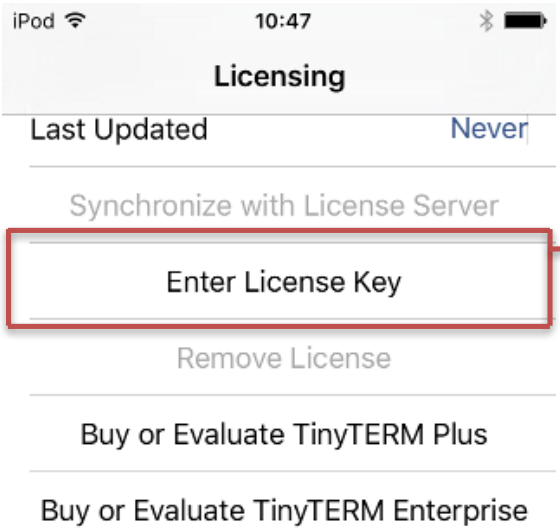

To start your evaluation:

1. Download TinyTERM Lite from the [Apple App Store](#)
2. Upon completion of install, perform the following:

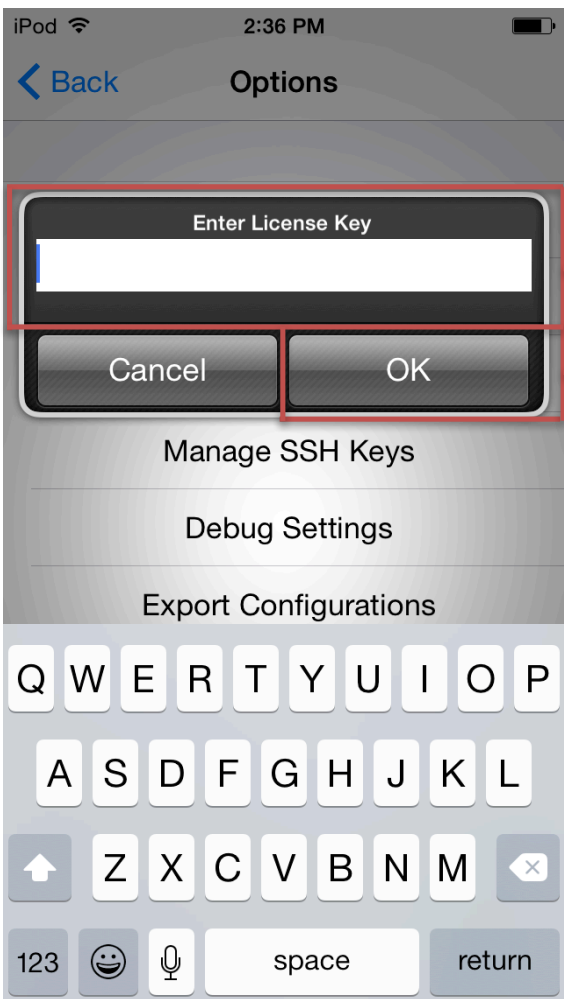

Select **Licensing**

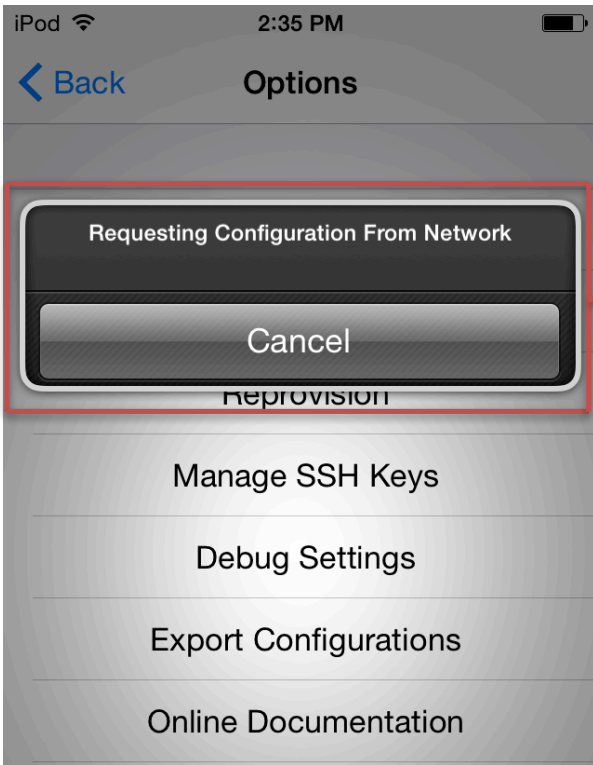

Select **Enter License Key**

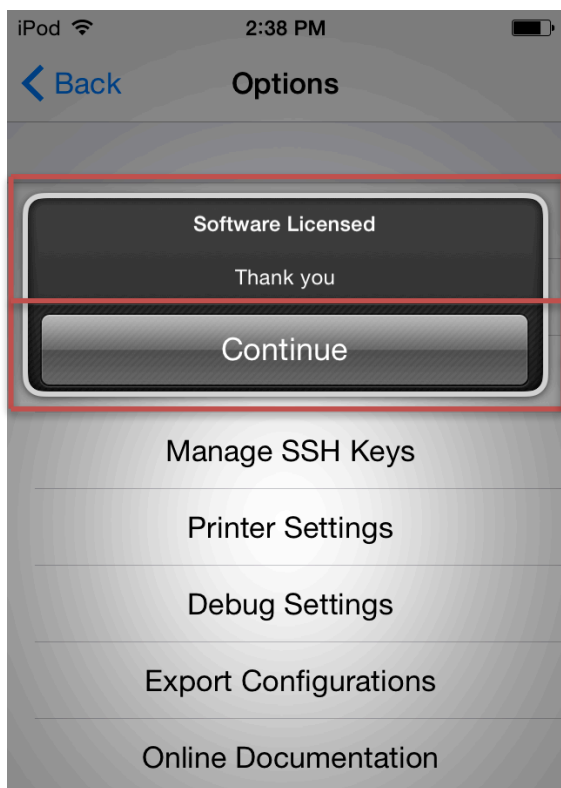

Type in your license key.
Note: The key will be sent via email
(key is 10 characters i.e., ABC123DEFG)

Tap **OK**

TinyTERM is contacting the server,
verifying License key. Wait for this
dialog to process. Do not tap **Cancel**.

Your device is now licensed and ready to configure your connection.

Tap **Continue**

Additional Information

For additional information on use and configuration of your product, please visit our online documentation:
