

How to Evaluate TinyTERM Plus for Android

Thank you for interest in TinyTERM Plus for Android. To evaluate the TinyTERM Plus for Android, you will need two main items. First, you will need to download TinyTERM Lite from the Google Play store. Second, you will need the evaluation key which was emailed to you from Century when you requested the evaluation ([evaluation request](#)). This key will unlock the full TinyTERM Plus for Android feature set including all functions keys.

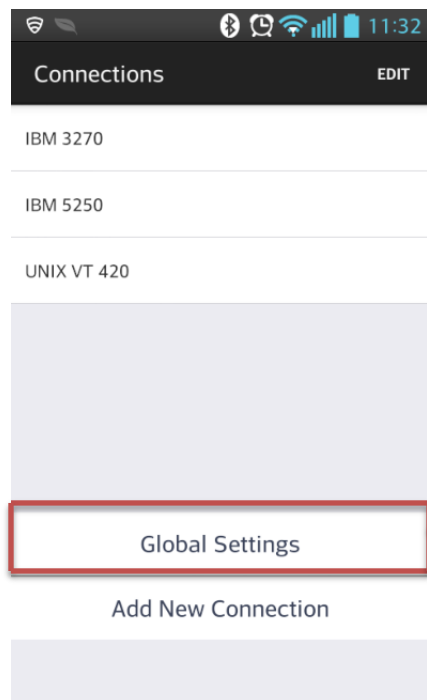

To begin your evaluation, download [TinyTERM Lite for Android](#):

<https://play.google.com/store/apps/details?id=com.censoft.TinyTERM.Lite>

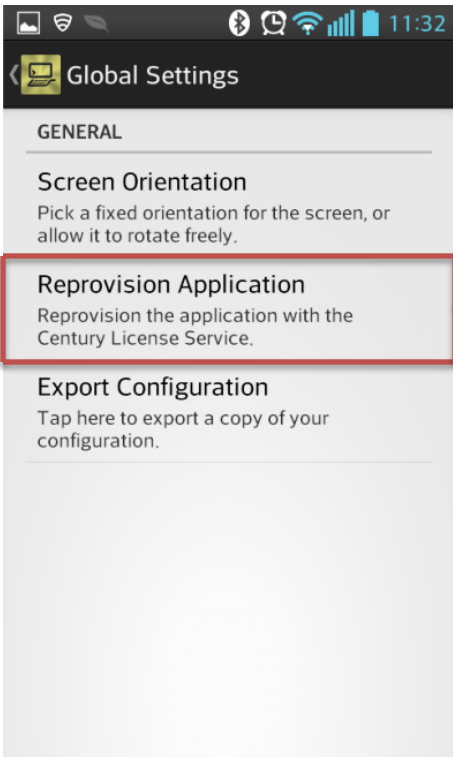

Obtain your license key from your email. If you do not see the email in your Inbox, please check your spam folder.

To start your evaluation:

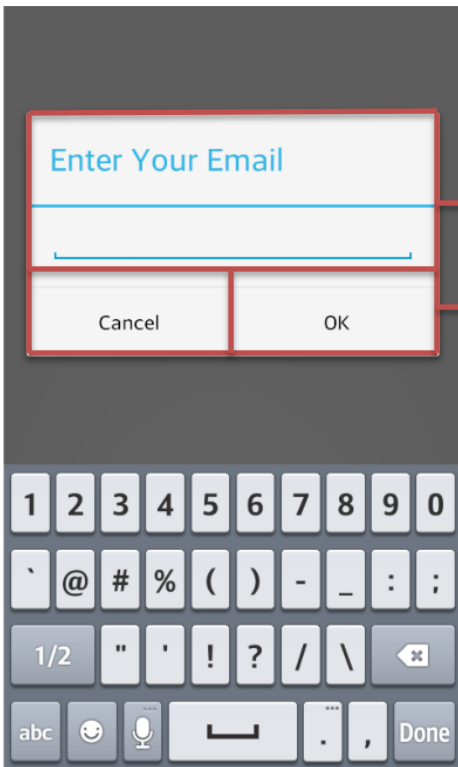

1. Download TinyTERM Lite from [Google Play](#)
2. Upon completion of install, perform the following:

Select **Global Settings**

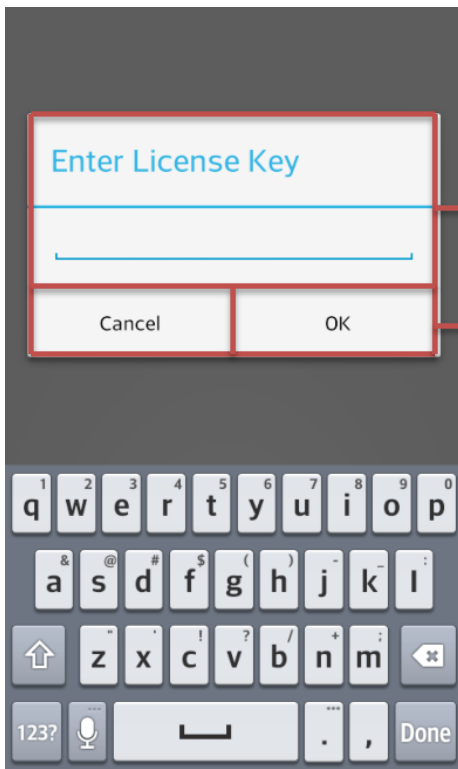

Select **Reprovision Application**

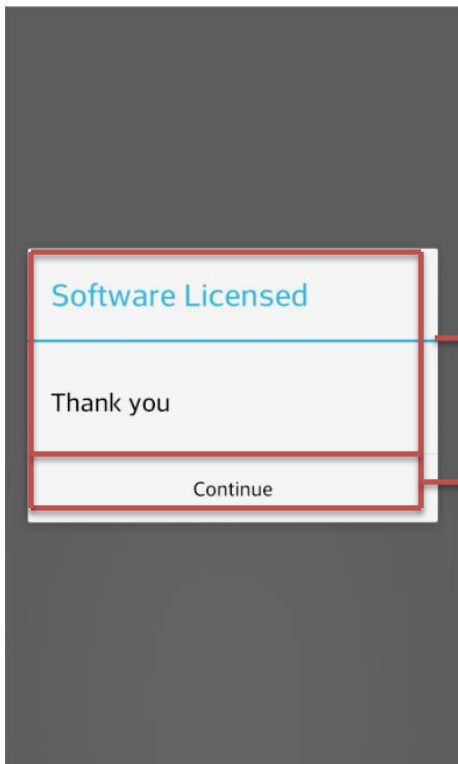

Type in your email address

Tap **OK**

Type in your license key.
Note: The key will be sent via email (key is 10 characters i.e., ABC123DEFG)

Tap **OK**

Your device is now licensed and ready to configure your connection.

Tap **Continue**

Additional Information

For additional information on use and configuration of your product, please visit our online documentation:
